Kitchen Life: by Art Smith

In his new book, *Kitchen Life*, Art Smith shows today's busy families an altogether new approach to everyday dining by staying ahead of the mealtime jam while learning to prepare simpler, more satisfying meals. This is practical indispensable book that America's busy families can turn to every day of the year.

Once settled in Chicago, he began a career in teaching and has since served as personal chef to Oprah Winfrey and Stedman Graham. In fall of 2006 he will launch a new fine dining restaurant in Chicago called *Table* which will serve handmade, organic foods gathered from some of the best farms in the Midwest.
